NEW ELECTRONIC PRICE LABELS

NEW ELECTRONIC SHELF LABELS (ESL)

Enhance your store's efficiency and pricing accuracy with our 2.9-inch Electronic Shelf Label (ESL). Designed for modern retail environments, this large-format digital tag offers a premium display area, making it perfect for showcasing detailed product information, promotional graphics, and clear pricing.

KEY FEATURES

- Vibrant 4-Colour Display: Stand out with a high-contrast screen capable of producing four distinct colours, allowing you to highlight sales, "New" items, or brand-specific palettes directly on the shelf.
- Multiple screen size options: 4.2, 2.9, 2.13 inches
- Seamless Integration: Part of the MAXSHELF ecosystem, these tags provide a professional, uniform look across your shelving units.

Update wirelessly with App - Available in white or black casing

V-MAX WALL UNIT ASSEMBLY INSTRUCTIONS

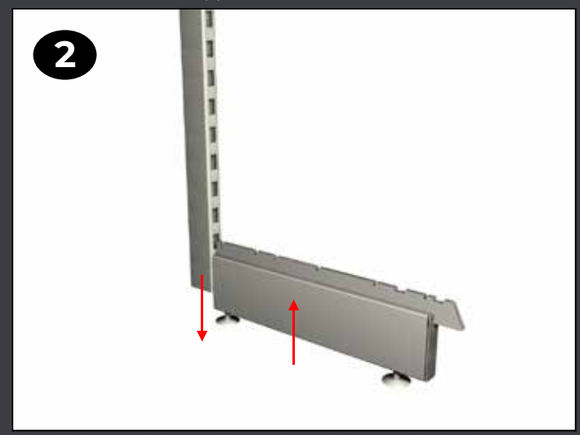
SCAN HERE FOR VIDEO INSTRUCTIONS > > > > > >

In this example, we are building a wall unit: Height: 2100mm - Base: 470mm - Upper Shelves: 5 x 370mm

1

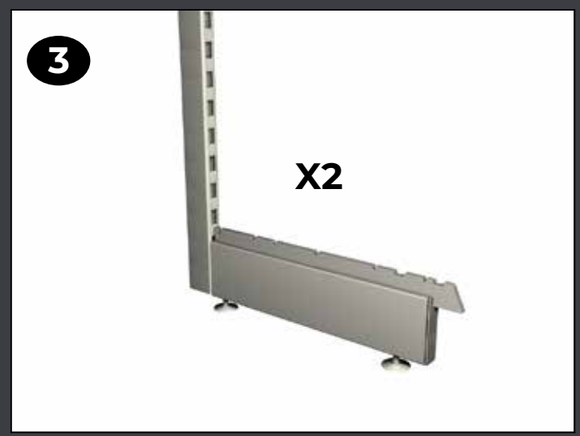
Place the base leg at an angle to the end of the upright, then rotate it as shown above.

2



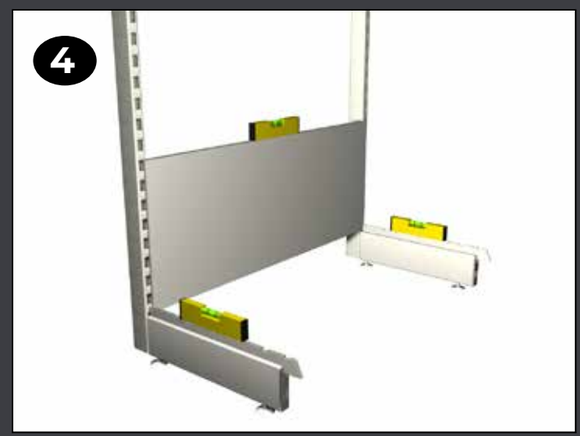
Knock the upright and base leg with a mallet in the directions shown.

3



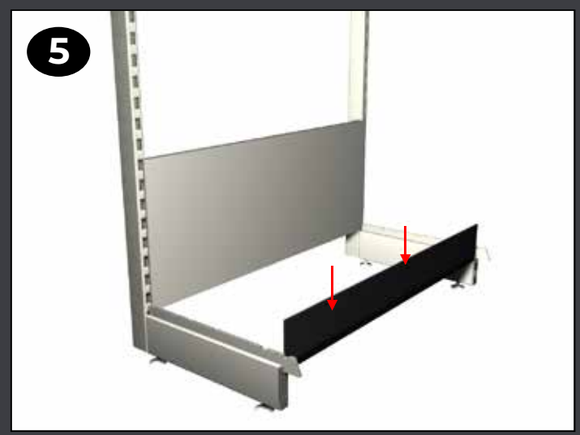
Repeat steps 1 and 2, so you have two 'L' shape components. These are known as 'finishers'.

4



Connect these 'finishers' and make sure that the levels are correct by adjusting the feet.

5



Slot the kick plate downwards between the base legs as shown.

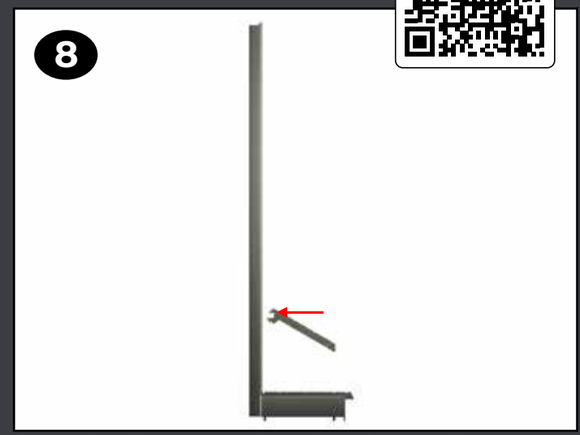
6

Place the base shelf down onto the base legs, then complete the back panels up to the top of the uprights.

7

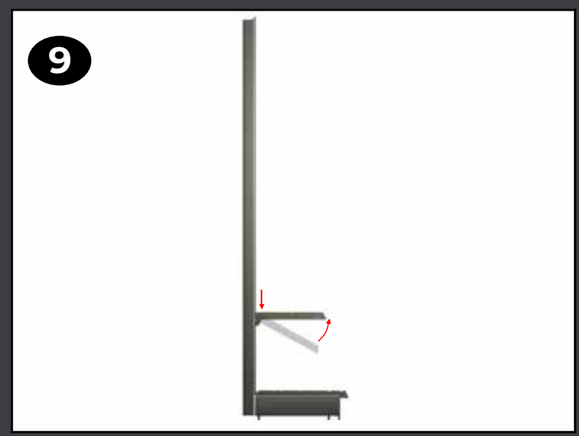
Once you have completed the back panels, you are ready to position the shelves.

8



Insert a bracket at an angle to the upright as shown above.

9



Rotate the bracket upwards until it falls into position. Brackets can be positioned at an angle for sloping shelves.

10

Place a bracket on the opposite upright, then lower a matching depth shelf down onto the pair of brackets.

11

Repeat steps 8-10 to position the remaining shelves.

12

Finally, attach the Epos ticket strips, and any required accessories such as shelf risers & dividers.

Cash Register & Till Stand with Storage Shelves – Black

Compact black cash register and till stand with two storage shelves, designed for efficient retail checkout and POS areas.

Dimensions: W500 × D500 × H900mm
Product Code: CASHREGISTERSTAND

The Cash Register & Till Stand in Black is a practical and space-efficient solution for retail checkout areas, designed to keep point-of-sale operations organised and professional.

With a compact footprint and a comfortable working height, this stand is ideal for shops, convenience stores and retail environments where space and workflow efficiency are essential.

Elevate your shop floor with the Maxshelf Black Wooden Serve Over Showcase. This unit is engineered to provide a professional point-of-sale area that doesn't compromise on display potential. Its sleek matte black finish offers a contemporary look that fits seamlessly into modern retail interiors.

Key Features

- Half-Glass Display Area: The customer-facing side features a crystal-clear glass front and top, allowing for maximum visibility of products on two adjustable glass shelves.
- Lockable Security: Peace of mind comes standard. The operator-side sliding doors and the integrated cash/storage drawer are equipped with locks to protect stock and takings.
- Dual-Section Design: The left section serves as a secure display cabinet, while the right section offers a recessed counter top for till placement, a lockable drawer, and two open storage shelves for quick-access items.

AVAILABLE FOR SAME DAY COLLECTION!

The unit features two integrated storage shelves, providing easy access to accessories such as receipt rolls, POS hardware, bags or daily-use items. This till stand helps create a tidy, efficient checkout area while maximising available space and improving day-to-day retail operations.

Key Features

- Designed for cash registers and POS systems
- Two practical storage shelves
- Compact and space-saving design
- Stable structure for daily retail use
- Ideal for shops and retail stores
- Finished in black, the stand offers a clean, modern appearance that blends seamlessly into a wide range of shop interiors. Its solid construction ensures stability for cash registers, bar-code scanners and POS terminals, making it a reliable choice for daily commercial use.

SPINNING ACRYLIC MAGAZINE DISPLAY

A clear acrylic rotating magazine display with five removable tiers, offering up to 40 facings. Each tier spins independently and the unit sits on smooth castor wheels for easy movement.

KEY FEATURES

- Five-tier spinning acrylic display
- Up to 40 facings for maximum visibility
- Each tier is removable for easy height adjustment
- Full 360° rotation on every tier
- Fitted with castor wheels for smooth mobility
- Ideal for newsagents, bookstores, gift shops and retail displays
- A sleek and versatile display option for presenting magazines in a tidy, accessible and professional way.

The Spinning Acrylic Magazine Display is a practical and space-efficient solution for showcasing magazines, brochures and small publications in any retail setting. Designed with five crystal-clear acrylic tiers, this stand offers up to 40 facings, giving excellent visibility from all angles.

Free-standing unit on castors

Each tier rotates independently, making browsing easier for customers. The tiers can also be removed, allowing you to adjust the height and configuration to suit your stock. Mounted on sturdy castor wheels, the unit can be moved effortlessly around your shop floor whenever you need to refresh your layout or highlight promotional titles.

HANGING PRO PUSHERS

Improve product visibility and maintain perfectly front-faced displays with our Hanging Retail Shelf Pusher System. Designed to hook directly onto a horizontal bar mounted to a retail upright, this innovative solution removes the need for a traditional shelf, giving you greater merchandising flexibility and a cleaner, more open display.

Each pusher channel attaches securely to the bar and automatically advances products forward as items are removed. This ensures consistent presentation, better stock rotation, and reduced labour time spent on manual facing. Ideal for gondola systems and wall displays.

Key Features & Benefits

- Bar-mounted design – no shelf required
- Automatic product facing for a tidy, professional display
- Space-saving hanging solution
- Quick installation and easy adjustment
- Durable construction for long-term retail use
- Pushers sold individually (bar and uprights sold separately)

FOLDING FRUIT-PRINT OR VEG-PRINT WOODEN DISPLAY CRATES

This Folding Wooden Crate is a professional merchandising solution that combines a traditional aesthetic with modern retail flexibility. Available in Pine Colour and Walnut Colour, with Fruit Print, or Vegetable Print, these crates feature vibrant fruit illustrations to enhance product appeal. Designed to be fully stackable, they can also be paired with a Wire Riser and Rolling Base to create a bespoke, mobile display unit.

Create a high-impact “fresh zone” in your store with the Maxshelf Folding Crate. This unit offers the premium look of wood with the practical benefits of a lightweight, collapsible system.
Vibrant Fruit or Veg Graphics: Each crate is adorned with clear illustrations that instantly signal quality and freshness to your customers.
Two Classic Colour Options: Choose between the light, airy Pine Colour or the deep, sophisticated Walnut Colour to suit your store’s branding.

Crate Specifications:

Length (L)	600 mm
Width (W)	400 mm
Height (H)	200 mm
Colours Available	Pine / Walnut
Functionality	Stackable & Foldable
Accessories	Wire Riser & Rolling Base

STACKABLE WITH OPTIONAL ACCESSORIES

- Securely Stackable: These crates are designed to interlock when stacked, allowing you to build stable vertical towers that maximise floor space in busy supermarkets or petrol stations.
- Collapsible Design: When not in use, the unit folds completely flat, drastically reducing storage space.
- Fully Modular System: Transform your crates into a mobile island or a tiered wall unit by adding our Wire Riser (for angled display) or Rolling Base (for mobility), both sold separately.

FLAT FOLDABLE PERFORATED PLASTIC CRATES - BLACK

Flat Foldable Perforated Plastic Crates provide a professional and highly practical solution for displaying and transporting fresh produce. Specifically designed to fold flat when not in use, these crates maximise storage efficiency in supermarkets, organic shops, and greengrocers. The perforated design ensures optimal airflow to keep fruit and vegetables fresh for longer.

Upgrade your fruit and vegetable display units with the Maxshelf Foldable Black Plastic Crate series. These crates are engineered for the fast-paced retail environment, offering a clean, uniform look that highlights the vibrant colours of fresh produce.

Key Features for Modern Retail

- Space-Saving Foldable Design: These crates can be collapsed into a flat profile in seconds, significantly reducing the space required for storage or return logistics.
- Perforated for Freshness: The open-slat and perforated base design allows for maximum ventilation, preventing moisture build-up and extending the shelf life of your stock.
- Durable & Lightweight: Manufactured from high-quality black plastic, these crates are easy to clean, hygienic, and robust enough for daily use in busy supermarkets.
- Professional Aesthetic: The sleek black finish provides a neutral backdrop that makes organic produce and colourful fruits stand out to customers.
- Integrated Handles: Features ergonomic handle cut-outs on the sides for comfortable lifting and easy repositioning across the shop floor.

Size Options
Size (L x W x H)
400 x 300 x 100 mm

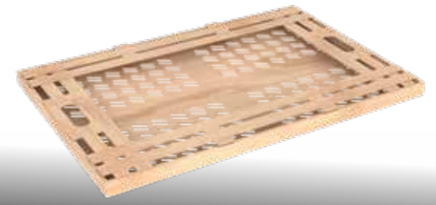
FLAT FOLDABLE PERFORATED PLASTIC CRATES - WOOD EFFECT

The Wooden Colour Effect Foldable Perforated Plastic Crate offers a traditional, rustic aesthetic without the weight or maintenance of real timber. This modular unit folds flat for easy storage, making it a versatile choice for organic shops and fruit & veg display units. The perforated design provides essential ventilation to keep your stock looking its best.

Description

- Natural Aesthetic: The wooden colour finish provides a warm, authentic feel that is highly popular in green-groceries and organic sections.
- Space-Efficient Storage: The flat-fold mechanism allows for compact storage when the crates are not on display.
- Breathable Grid Pattern: Perforated surfaces ensure products stay fresh by preventing moisture build-up.
- Robust & Practical: Combines a classic look with the longevity and easy-clean properties of modern plastic.
- Ergonomic Portability: Side handle cut-outs allow for easy movement between the stockroom and the shop floor.



Product Code:
FOLDINGPLASTICCRATEWOOD

- Crates are stackable for convenient organisation of items.
- Suitable for a variety of uses.
- All available from our warehouse and showroom in Elstree.

Heavy Duty Galvanized Metal Retail Cart on Castors

The Galvanised Metal Cart is a heavy-duty, versatile 3-tier mobile trolley, perfect for efficient stock handling and display across various retail environments. Its robust galvanised finish ensures longevity, while the smooth-rolling castors (wheels) provide essential mobility. Highly recommended for bakeries, butchers, supermarkets, and farm shops.

Dimensions: L 1200mm x W 625mm x H 904.4mm

Built for Tough Retail Environments

- Robust Construction: The entire unit is built from resilient galvanised metal, providing superior resistance to rust, corrosion, and wear—essential qualities for areas like bakery prep or cold room storage.
- High Capacity: Featuring three wide, flat tiers, the cart offers extensive storage space (L 1200mm x W 625mm), making it ideal for large crates, fresh produce, or numerous baked goods.
- Effortless Mobility: Fitted with commercial-grade castors (wheels), the trolley moves smoothly and easily, allowing staff to quickly transport goods from storage to the shop floor or production area.
- Hygienic Finish: The galvanised surface is easy to clean and maintain, meeting the high sanitary standards required by the food and retail industries.

- Hygienic Finish: The galvanised surface is easy to clean and maintain, meeting the high sanitary standards required by the food and retail industries.

2 Tier Counter-top Galvanised Metal Tray Display

The 2 Tier Counter-top Galvanised Metal Tray Display is a heavy-duty merchandising unit designed for durability and an industrial aesthetic. Featuring a sturdy wire frame supporting four removable galvanised metal bins across Two levels, this stand is an excellent choice for displaying fresh produce, bakery items, or hardware supplies.

Dimensions: L 471mm x W 346.9mm x H 353.9mm

- Hard-Wearing Galvanised Bins: The six metal trays feature a protective galvanised coating that resists rust and wear, ensuring long-term durability in commercial settings.
- Easy Handling & Restocking: Each tray is equipped with integrated side handles, allowing staff to easily remove bins for cleaning or replenishing stock.

Product Code:
2TIERMETALTRAYS

2 Tier Counter-top Wooden Tray Display Stand | Rustic Merchandiser

The 2 Tier Counter-top Wooden Tray Display is a premium merchandising solution designed to bring a rustic, farm-fresh feel to your point of sale. Featuring a durable black metal frame that supports four deep wooden bins across two levels, this unit is perfect for showcasing loose fruit, vegetables, artisan breads, or packaged snacks.

Dimensions: L 471mm x W 346.9mm x H 353.9mm

- Rustic Wooden Aesthetic: The warm wood tones of the trays provide a traditional, “market-stall” look that signals quality and freshness to your customers.
- Double-Tiered Capacity: The two-level design maximises your vertical space on counter-tops or shelving units without increasing the footprint.

Product Code:
2TIERWOODTRAYS

3 Tier Counter-top Galvanised Metal Tray Display

The 3 Tier Counter-top Galvanised Metal Tray Display is a robust, high-capacity merchandising unit designed for demanding retail environments. Featuring an industrial steel wire frame that supports six removable galvanised metal bins across three levels, it offers a durable and stylish solution for organising stock.

Dimensions: L 471mm x W 389.2mm x H 573.4mm

- Optimal Product Presentation: The trays are slightly angled towards the customer, ensuring that products on every level are easily visible and reachable.
- Stable Wire Framework: The sturdy silver-finish wire frame includes protective base caps to ensure stability and prevent scratching on counter-top surfaces.

ALL AVAILABLE FOR SAME DAY COLLECTION!

Product Code:
3TIERMETALTRAYS

3 Tier Counter-top Wooden Tray Display Stand | Rustic Merchandiser

The 3 Tier Counter-top Wooden Tray Display is a high-impact merchandising unit designed to bring a premium, rustic feel to your point of sale. A stand-out merchandising unit for retail environments selling wine and premium beverages.

Crafted from warm oak-effect wood, the display provides a natural, premium look that complements supermarket wine aisles, specialist wine merchants and convenience stores. The internal dividers allow bottles to be arranged neatly.

With a depth of 750mm and a height of 1128mm, the unit offers generous capacity without overwhelming floor space, making it ideal for promotional displays, seasonal offers or feature wine selections point.

Dimensions: D 720mm x H 1128mm
Product code: BARRELSTAND

4 Tier Wooden Retail Crate Stand on Castors - Rustic Display Tower

The 4 Tier Wooden Crate Stand is a versatile, high-capacity floor display designed to bring an authentic, rustic charm to any retail environment.

KEY FEATURES

- Four High-Capacity Tiers: Features four deep, open-fronted wooden crates, providing ample room for bulk produce, bagged snacks, or artisan gift items.
- Vertical Space Optimisation: At 1280mm height, this tower effectively uses vertical space, making it an ideal solution for shops with limited floor area.
- Full Mobility with Lockable Castors: The unit is fitted with smooth-rolling wheels, allowing staff to move the display easily for cleaning, restocking, or store layout changes.
- Durable Rustic Construction: Crafted from high-quality light wood with a traditional slatted design, offering a sturdy and timeless look for organic and specialty products.

Standing at 1280mm high, this mobile tower features four robust wooden crates vertically stacked to maximise stock density in small footprints. Mounted on heavy-duty castors, it can be effortlessly repositioned to capture impulse sales at aisle ends or till points.

Elevate your store's merchandising with the Maxshelf 4 Tier Wooden Crate Stand. This industrial-grade display unit is engineered for retailers who need a combination of traditional farmhouse aesthetics and modern functional mobility.

Stackable Wooden Crisp Crate with Clear Cover

The Stackable Wooden Crisp Crate with Plastic Cover is a versatile and modular merchandising solution designed for modern retail environments.

KEY FEATURES

- Modular Flexibility for Busy Retailers
- Stackable & Expandable Design: These crates are specifically designed to be stacked on top of one another, allowing you to build a vertical display tower or a wide horizontal snack wall depending on your floor space.
- Highly Popular in Retail: Due to its customisable nature, this system is a favourite for supermarkets, petrol stations, and convenience stores looking for a premium alternative to standard wire racking.
- Hygienic Protective Cover: Each crate includes a clear plastic front panel that shields snacks from dust and environmental contact while keeping products 100% visible.

This individual unit can be used as a standalone counter-top display or stacked with multiple crates to create a larger, high-capacity snack wall or floor display. Specifically engineered for supermarkets and petrol stations, it combines a rustic aesthetic with a hygienic clear cover.

OVER 5000 PRODUCTS IN STOCK

Open Days a Week 7

Maximise your retail space and adapt to your shop's layout with the Maxshelf Stackable Wooden Crisp Crate. This unit is more than just a single display box; it is a building block for a professional, rustic-themed snack station that can grow with your inventory.

Easy-Access Circular Cut-out: The integrated circular opening allows customers to quickly grab their favourite crisps or snacks, facilitating a smooth self-service experience in high-traffic areas.

Dimensions: W 400mm x D 366mm x H 500mm
Product code: WOODCRISPCRATE

3 Tier Wooden Crisp Crate Display Stand with Castors

The 3 Tier Wooden Crisp Crate Stand is a high-impact, floor-standing merchandising unit designed to maximise vertical space in your shop.

KEY FEATURES

- Vertical Merchandising Excellence: The three-tier stacked design allows you to showcase a wide variety of crisps, popcorn, or bagged snacks in one organised tower.
- Customer-Friendly Access: The circular cut-outs in each cover allow shoppers to easily select their favourite snacks without needing to open a lid, facilitating a faster "self-service" experience.
- Full Mobility with Castors: Equipped with industrial-grade castors, can be effortlessly moved to high-traffic areas.

This mobile tower features three vertically stacked wooden crates, each equipped with a clear protective cover and a circular access point for hygienic, easy self-service. Mounted on smooth-rolling castors, it is the perfect solution for creating flexible snack zones in cafés, farm shops, and convenience stores.

Capture customer attention and drive high-volume snack sales with the Maxshelf 3 Tier Wooden Crisp Crate Stand. Standing at an impressive 1550mm tall, this vertical display tower provides three levels of "grab-and-go" convenience while occupying a minimal floor footprint.

ALL AVAILABLE FOR SAME DAY COLLECTION!

Rustic & Durable Aesthetic: Crafted from natural-toned wood, this stand provides a warm, artisan feel that is particularly effective for premium, organic, or local snack brands.

Dimensions: W 400mm x D 366mm x H 1550mm

4 Tier Wooden A-Frame Display Stand with Lanterns

The 4 Tier Wooden Lantern Stand is a charming, free-standing A-frame display unit designed to create a warm, inviting atmosphere in any retail setting.

KEY FEATURES

- Unique Lantern Header: The stand is crowned with an integrated top rail featuring two decorative hanging lanterns, adding an immediate sense of warmth and premium atmosphere to your displayed products.
- 4-Tier Capacity: Provides three convenient shelving levels (plus the base tier) to showcase a variety of merchandise, from folded textiles and packaged goods to candles and gift items.
- A-Frame Structure: The classic ladder-style design ensures stability and offers a visually appealing structure.

Total Mobility: Fitted with durable castors (wheels) on the base, this stand can be effortlessly rolled and repositioned across your retail space, providing maximum flexibility for shop layout changes and promotions.

1-3 WORKING DAY DELIVERY

OVER 5000 PRODUCTS IN STOCK

Open 7 Days a Week

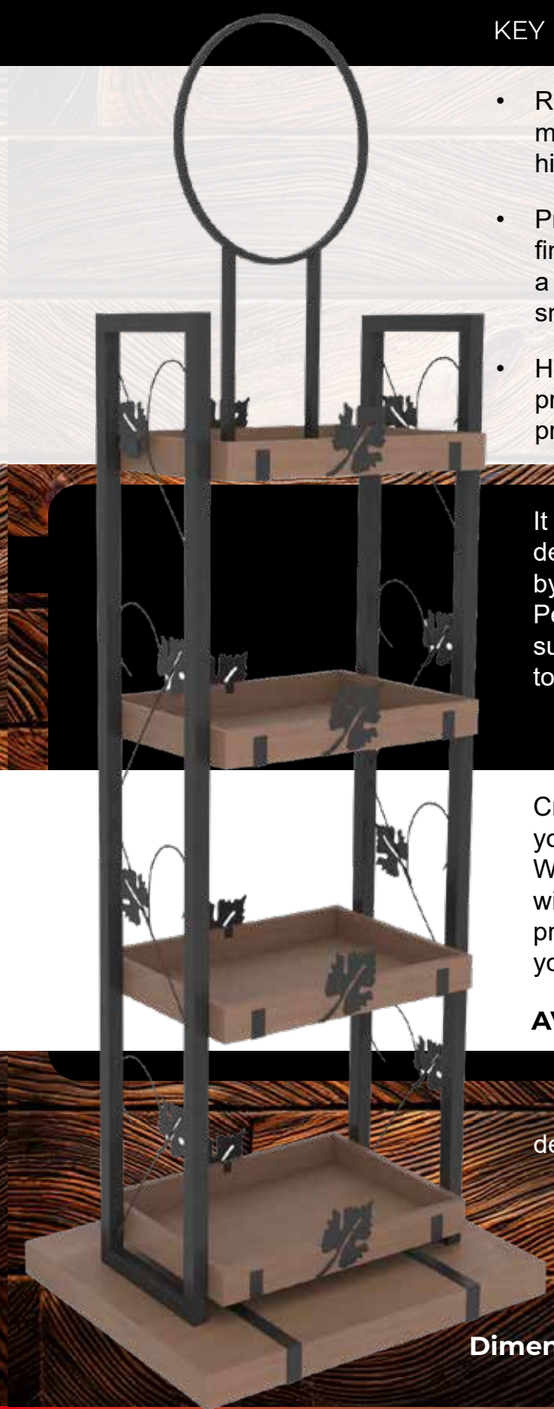
The blend of warm wood and the lantern feature makes this display stand perfect for Boutiques & Gift Stores - Ideal for showcasing specialty candles, soaps, seasonal gifts, or framed artwork. Home Décor Retail: Use it to display small potted plants, ornamental items, or feature towels and textiles. Seasonal Promotions: The warm lighting feature makes it an excellent choice for autumn and winter merchandise displays.

Capture customer attention and add a touch of rustic sophistication to your shop floor with the Maxshelf 4 Tier Wooden Lantern Stand. This distinctive A-frame unit is engineered not just for merchandising, but for ambience, making it an instant show-stopper in any home goods, gift, or lifestyle store.

Dimensions: W 285mm x D 460mm x H 2006.6mm
Product code: 4TIERLANTERNSTAND

4 Tier Metal and Maple Wood Display Stand

This elegant 4 Tier Display Stand is the ideal free-standing fixture for premium retail presentation. It features a sturdy black metal frame with decorative vine and leaf accents.



KEY FEATURES

- Robust Frame: Features a durable, powder-coated black metal frame that guarantees stability and longevity in high-traffic retail spaces.
- Premium Shelves: Includes four individual maple wood-finish trays that can hold stock securely while adding a touch of natural elegance. These trays help contain smaller items, preventing them from shifting.
- Header Space: The circular metal loop at the top provides a dedicated space for branding, pricing, or product information signage, boosting visibility.

It features a sturdy black metal frame with decorative vine and leaf accents, complemented by four removable maple wood-finish trays/shelves. Perfect for wine shops, gift stores, and high-end supermarkets, this unit is designed to draw attention to featured merchandise.

Create a sophisticated and inviting feature area in your store with the Maxshelf 4 Tier Metal and Maple Wood Display Stand. Combining industrial strength with rustic warmth, this stand provides four levels of premium merchandising space, ideal for highlighting your most valuable or promotional items.

AVAILABLE FOR SAME DAY COLLECTION!

Distinctive Accents: Intricate metal vine and leaf detailing along the sides enhances the rustic aesthetic, making the stand a decorative piece in itself.

Dimensions: W 508mm x D 406.4mm x H 1917.8mm
Product code: 4TIERWOODMETALSTAND

3 Tier Wooden A-Frame Retail Display Rack

The 3 Tier Wooden A-Frame Rack is a robust and permanent display solution designed to bring a premium, rustic feel to your retail environment.

KEY FEATURES

- Three Deep Display Tiers: Equipped with three spacious wooden bins, providing significant volume for bulk produce or large packaged items.
- Fixed-Foot Stability: Designed with solid wooden legs rather than wheels, ensuring the rack remains perfectly stable even when fully loaded with heavy stock.
- Classic A-Frame Design: The slanted structure provides a traditional “ladder-style” look that enhances product visibility from the bottom to the top tier.
- Premium Natural Finish: Crafted from high-quality wood, the rack adds a warm and inviting atmosphere to organic shops, bakeries, and farm shops.

Space-Efficient Vertical Storage: At a height of 1336mm, the unit maximises vertical display potential while maintaining a manageable footprint.

1-3 WORKING DAY DELIVERY

OVER 5000 PRODUCTS IN STOCK

Product code: 3TIERAFRAMERACK

4 Tier Wooden A-Frame Retail Display Rack on Castors

The 4 Tier Wooden A-Frame Rack is a robust and visually appealing floor display unit designed for optimal product visibility.

KEY FEATURES

- Four Tiers of Display: Provides three spacious, deep shelf tiers plus a generous base tier, offering substantial capacity for a variety of products.
- Optimal Visibility: The tiered, A-frame structure ensures products on every level are clearly visible and easily accessible to customers. The deep shelving is perfect for bulk items or packaged goods.
- Total Mobility: Fitted with smooth-rolling castors (wheels), the rack can be quickly moved and repositioned across your shop floor. This is essential for restocking, cleaning, and reacting quickly to layout changes or seasonal needs.

Durable Wooden Construction: Crafted from high-quality wood, this rack delivers a warm, inviting, and professional look that complements natural and artisan goods. With a compact footprint 531mm x 402mm, the unit efficiently uses vertical space, making it perfect for feature displays or end-of-aisle promotions.

Promote products at their optimal location:

Featuring deep shelves for easy viewing and castors (wheels) for effortless movement, this unit is ideal for showcasing fresh produce, packaged goods, or seasonal merchandise in supermarkets, farm shops, and speciality retail.

AVAILABLE FOR SAME DAY COLLECTION!

This versatile wooden display is perfect for Farm **Shops & Grocers:** Excellent for showcasing fresh fruit, vegetables, baked goods, or artisan preserves. **Gift Shops & Boutiques:** Ideal for displaying folded textiles, books, boxed items, or seasonal stock. **Supermarkets:** Use it for high-impact front-of-store displays or to highlight local and premium products.

3 Tier Half Barrel Free-Standing Display Unit

The 3 Tier Half Barrel Display Unit is a unique, free-standing shelving solution designed to create an instant rustic and inviting atmosphere.

KEY FEATURES

- Distinctive Aesthetic: The half-barrel design provides a warm, rustic, and traditional look that instantly elevates your interior design.
- Free-Standing Design: As a floor-standing unit, it offers complete flexibility, allowing you to position it anywhere on your shop floor to maximise customer flow and visibility.
- Three Practical Tiers: Provides two ample shelves for organized presentation of goods, allowing you to segment your stock effectively.
- Space-Efficient Footprint: Designed to fit flush against a wall (as a half-barrel) or stand prominently, it maximises display capacity within a manageable footprint.

Featuring a classic wooden barrel aesthetic with contrasting black banding, this robust floor unit is perfect for displaying wine bottles and specialty items in off-licences, wine shops, supermarkets, and charming gift stores.

Versatile choice for several retail sectors:

- Wine Shops & Off-Licences: The curved design is an instant match for wine displays, perfect for showcasing premium bottles.
- Supermarkets: Use it in the wine or specialty foods aisle to break up standard shelving and highlight seasonal or promotional stock.
- Gift Shops: Its decorative appeal makes it an excellent choice for displaying novelty items.

Durable Construction
Built to support your merchandise while offering a professional, lasting finish.

3 Tier Full Barrel Display Unit | Metal Frame & Wood Shelves

The 3 Tier Full Barrel Display Unit is a premium, free-standing floor fixture designed to mimic a traditional wooden barrel.

KEY FEATURES

- Three Tiers of Display: Provides three spacious, deep shelf tiers plus a generous base tier, offering substantial capacity for a variety of products.
- Optimal Visibility: The tiered, A-frame structure ensures products on every level are clearly visible and easily accessible to customers. The deep shelving is perfect for bulk items or packaged goods.
- Total Mobility: Fitted with smooth-rolling castors (wheels), the rack can be quickly moved and repositioned across your shop floor. This is essential for restocking, cleaning, and reacting quickly to layout changes or seasonal needs.

With a 600mm diameter, 1067.7 mm height, this unit is ideal for creating impactful feature displays in wine shops, supermarkets, and upscale retail environments.

AVAILABLE FOR SAME DAY COLLECTION!

Designed for High-Impact Retail in:

- Wine Shops & Cellars: The barrel motif makes it the natural choice for displaying fine wines.
- Supermarkets & Delis: Ideal for promoting special seasonal offers, local produce, specialty cheeses, or gourmet food items.
- Upscale Retail: Excellent for showcasing high-end candles, bath products, or curated gift sets that require a distinguished presentation.

Key Construction & Aesthetic Features
Robust Framework: Constructed with a strong metal body (frame) finished in black, providing excellent stability and longevity.
Decorative Accents: Detailed grape-leaf embellishments encircle the shelves, adding an authentic, vineyard-inspired elegance to the entire unit.
Products visible from any direction.

ACRYLIC/WIRE DISPLAYS

THE HOME OF V-MAX

MAXSHELF

Highlight your best-selling items and clear inventory efficiently with the Maxshelf Dump Bin series. These bins offer a modern, understated aesthetic that complements contemporary store designs while providing the industrial strength needed for high-traffic zones.

Ideal Retail Applications

- Supermarkets & Grocers: Perfect for “Grab & Go” snacks, seasonal produce, or special offer promotions.
- Sports & Leisure Shops: Ideal for storing balls, clothing accessories, or heavy equipment.
- Department Stores: A great solution for bulk-buys like cushions, plush toys, or clearance stock.

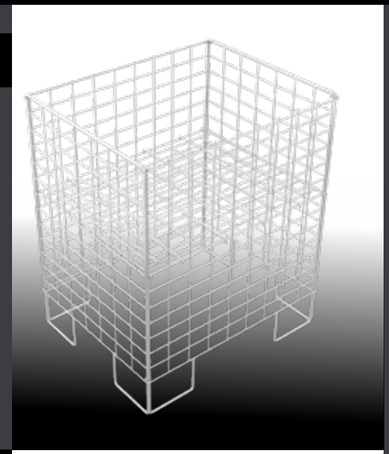
Engineered for Retail Flexibility

- Adjustable Base Technology: Every bin is equipped with an internal grid shelf that can be positioned at various depths. This allows you to lift the display floor as the bin empties, ensuring products are always at the customer’s eye level.
- Collapsible Space-Saving Design: The units are constructed from four interlocking wire panels that can be detached and folded flat in seconds, making them incredibly easy to move or store during seasonal transitions.
- Two Size Options for Every Aisle: Choose the 550 x 400mm model for narrower aisles and till points, or the 600 x 600mm square model for high-volume bulk merchandise and larger showroom floors.

Dump Bin with Adjustable Base - Chrome

The Rectangle Collapsible Dump Bin in a high-shine Chrome finish is a versatile, high-visibility merchandising solution designed to stimulate impulse purchases. This durable unit features an adjustable shelf base, allowing you to keep products prominently displayed at the top as stock sells through. Highly portable, it is constructed from four interlocking grid panels that fold flat for efficient storage.

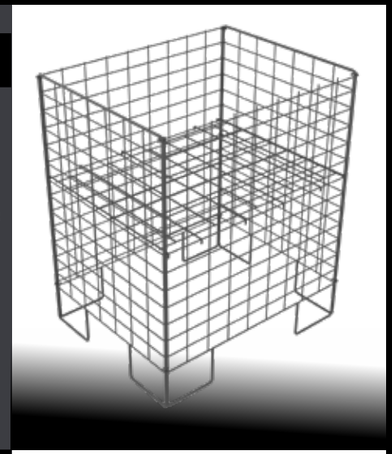
Dimensions: L 550mm x W 400mm x H 750mm.
Product code: KDUMPBIN550400



Dump Bin with Adjustable Base - Grey

The Rectangle Collapsible Dump Bin in a professional Graphite Grey finish is an essential tool for high-traffic retail merchandising. This unit features an adjustable internal base, allowing you to lift the shelf as stock sells down to keep products within easy reach. Designed for efficiency, the bin consists of four grid panels that fold flat for simple storage and transport.

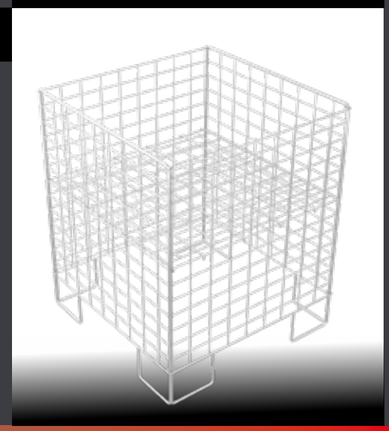
Dimensions: L 550mm x W 400mm x H 750mm.
Product code: KDUMPBIN550400G



Dump Bin with Adjustable Base - Chrome

The Square Collapsible Dump Bin is a high-capacity merchandising unit 600x600mm designed for high-traffic retail environments. Finished in polished Chrome, this durable wire mesh bin features an adjustable shelf base, allowing you to raise the product level as items are sold to maintain maximum visibility. Its collapsible, four-panel design allows it to be folded flat in seconds for easy storage when not in use.

Dimensions: L 600mm x W 600mm x H 750mm.
Product code: KDUMPBIN600600



Dump Bin with Adjustable Base - Grey

The Graphite Grey Collapsible Dump Bin is a versatile and high-capacity merchandising solution designed for busy retail environments. These bins feature a professional matte-style finish and a unique adjustable shelf base. The height-adjustable base ensures that products remain within easy reach as stock levels fluctuate, while the collapsible design allows for flat storage when not in use.

- Ideal for newsagents, bookstores, gift shops and retail displays
- A sleek and versatile display option for presenting magazines in a tidy, accessible and professional way.

The Spinning Acrylic Magazine Display is a practical and space-efficient solution for showcasing magazines, brochures and small publications in any retail setting. Designed with five crystal-clear acrylic tiers, this stand offers up to 40 facings, giving excellent visibility from all angles.

Free-standing unit on castors

Each tier rotates independently, making browsing easier for customers. The tiers can also be removed, allowing you to adjust the height and configuration to suit your stock. Mounted on sturdy castor wheels, the unit can be moved effortlessly around your shop floor whenever you need to refresh your layout or highlight promotional titles.

COMMERCIAL METAL UMBRELLA STAND

A durable commercial umbrella stand made from metal, designed with a modular 3-section structure to increase or reduce capacity. The removable castors allow easy movement or fixed positioning.

SPECIFICATIONS

Dimensions:
1580mm(H) x 450mm(W) x 470mm(D)
Product code: UMBRELLASTAND

DESCRIPTION

The Commercial Metal Umbrella Stand with Castors is engineered for busy retail and hospitality environments where durability and flexible layout are essential. Constructed from strong black metal, this stand offers reliable stability while maintaining a clean, professional appearance suitable for any commercial setting.

It's three-part modular design allows the height and holding capacity to be easily adjusted—simply add or remove the centre extension to suit your store's layout or seasonal requirements. This makes the unit particularly useful for entrances with fluctuating footfall such as supermarkets, shopping centres, gyms, hotels and office buildings.

The base is fitted with removable castors, giving the option of smooth mobility when repositioning is needed, or fixed static use when greater stability is preferred. With dimensions of 470mm (L) × 450mm (D) × 1580mm (H), the unit offers generous umbrella storage while keeping its footprint compact.

A practical and long-lasting solution for maintaining tidy, organised entry areas during wet-weather seasons.

3 Tier Modular Galvanized Metal Storage Rack - Heavy Duty

The 3 Tier Galvanized Metal Boxes shelving unit is a robust, modular storage solution built for demanding commercial and industrial use.

KEY FEATURES

- Heavy-Duty Construction: The strong metal construction ensures stability and can handle the weight of tools, spare parts, and dense retail inventory, making it suitable for professional workshops and store back-rooms.
- Galvanised Finish: The robust galvanized coating provides excellent protection against rust, corrosion, and everyday wear and tear, guaranteeing a long lifespan even in challenging conditions.
- 3 Tier Modular Design: Features four uniform, open compartments, allowing for systematic organisation. The modular design means these units can be easily placed side-by-side or stacked (where appropriate, following safety guidelines) to expand your storage capacity.

Featuring three spacious, open compartments and a protective galvanised metal finish, this unit is perfect for organising supplies, tools, parts, and stockroom inventory. Ideal for tool shops, workshops, and any business needing durable, high-density storage.

If your business requires durable, stackable, and high-capacity storage, the Maxshelf 3 Tier Galvanised Metal Storage Rack is the ideal solution. Built from heavy-gauge metal and finished with a protective layer of galvanisation, this unit is designed to withstand the rigours of industrial and busy retail environments.

ALL AVAILABLE FOR SAME DAY COLLECTION!

Universal Storage Solution: While excellent for tool shops, this versatile unit is equally effective in any business needing reliable storage, including retail stockrooms, workshops, garages, and parts departments.

Dimensions:
W 355.6mm x D 355.6mm x H 1243.6mm
Product code: 3TIERMETALBOXES

Central Promotional Display on Castors

Designed for strength and flexibility, this five-tier galvanised metal cart is ideal for stock handling and product display in a wide range of retail settings. A durable finish ensures long-lasting use, while smooth-rolling castors provide easy mobility. Well suited to bakeries, butchers, supermarkets, clothing stores, and farm shops.

Dimensions: L 1000mm x W 1000mm x H 1400mm

- Built from durable metal throughout, this unit offers excellent resistance to rust, corrosion, and everyday wear, making it well suited for demanding retail and working environments.
- Finished with a smooth surface, this unit is easy to clean and maintain for everyday use.
- Designed for versatile use, this shelving unit is suitable for a wide range of applications across different environments.

Spinning Slat-panel Tower Display – Black

Compact 360° rotating slat-panel tower with four display faces. Perfect for gift shops and retail stores, available in black or white.

SPECIFICATIONS

Dimensions:
1500mm(H) x 400mm(W) x 400mm(D)
Product code:
SPINNINGSLAT400

DESCRIPTION

The Spinning Slat-panel Tower Display is a compact and highly effective merchandising solution designed to maximise product visibility while using minimal floor space. Featuring four slat-panel display sides and a smooth 360-degree rotating base, this unit allows customers to browse products effortlessly from every angle.

With its vertical design and rotating functionality, the tower is ideal for gift shops, souvenir stores, convenience shops and all types of retail environments where impulse purchases and easy access play a key role in driving sales. Each slat-panel face is compatible with standard slatwall hooks and accessories, allowing full flexibility in product presentation.

Key Features That Drive Sales

- 4-sided slat-panel display for maximum product exposure
- 360° rotating design for easy customer interaction
- Compact footprint ideal for space-efficient merchandising
- Compatible with standard slatwall hooks and accessories
- Suitable for gift shops, retail stores and promotional areas

The Spinning Slat-panel Tower Display is an excellent choice for retailers looking to increase product visibility, encourage impulse sales and keep displays flexible and organised.

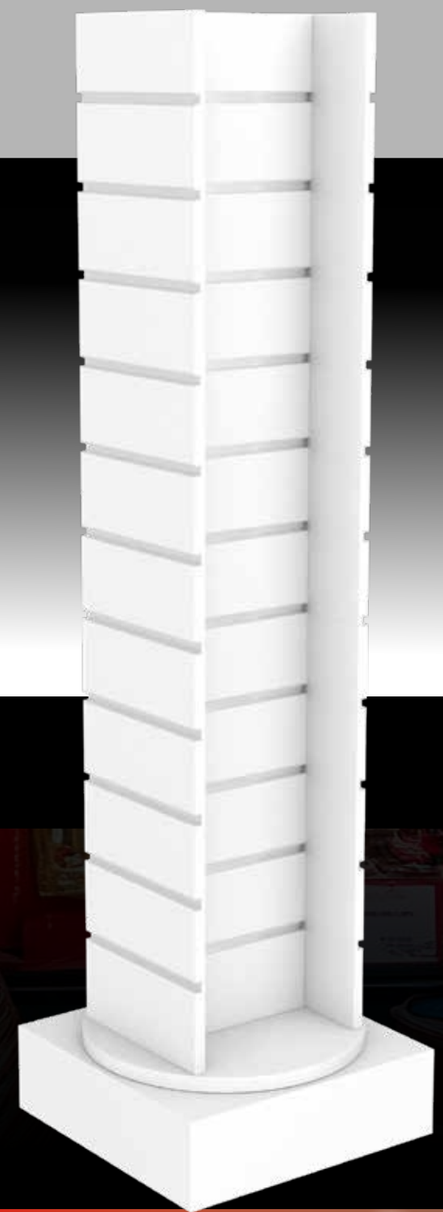
Spinning Slat-panel Tower Display – White

Designed for maximum visibility in a compact footprint, this 360° rotating slat-panel tower features four display faces and is perfect for gift shops and retail stores. Available in black or white.

SPECIFICATIONS

Dimensions:
1500mm(H) x 400mm(W) x 400mm(D)
Product code:
SPINNINGSLAT400



DESCRIPTION

With its vertical design and rotating functionality, the tower is ideal for gift shops, souvenir stores, convenience shops and all types of retail environments where impulse purchases and easy access play a key role in driving sales. Each slat-panel face is compatible with standard slatwall hooks and accessories, allowing full flexibility in product presentation.

The sturdy base ensures stability during rotation, while the clean-lined finish creates a professional, organised appearance on the shop floor. Available in Black or White, the display can be selected to match different store concepts – from bold, high-contrast layouts to bright and minimalist interiors.

Key Features That Drive Sales

- Spinning pegboard tower display
- Black finish for a clean, modern retail look
- Ideal for gift shops and retail displays
- Pegboard panels on all four sides
- Rotating design for easy customer access
- Mobile base with castor wheels
- Compact, space-saving vertical structure

MOBILE DOUBLE SIDED SLIM SLATWALL DISPLAY UNITS

This double-sided slatwall display unit offers a bold, professional solution for showcasing products in busy retail environments. Featuring hook-compatible slatwall panels on both sides, it enables efficient use of space while increasing product exposure from multiple angles.

SKU: SLATGONDOLASLIM

These units are fitted with castors, allowing quick and effortless movement around the shop floor. This makes it especially effective for promotional campaigns, impulse displays, and changing store layouts. The black/white finish delivers a strong visual contrast, helping products stand out in modern retail, supermarket and gift shop settings.

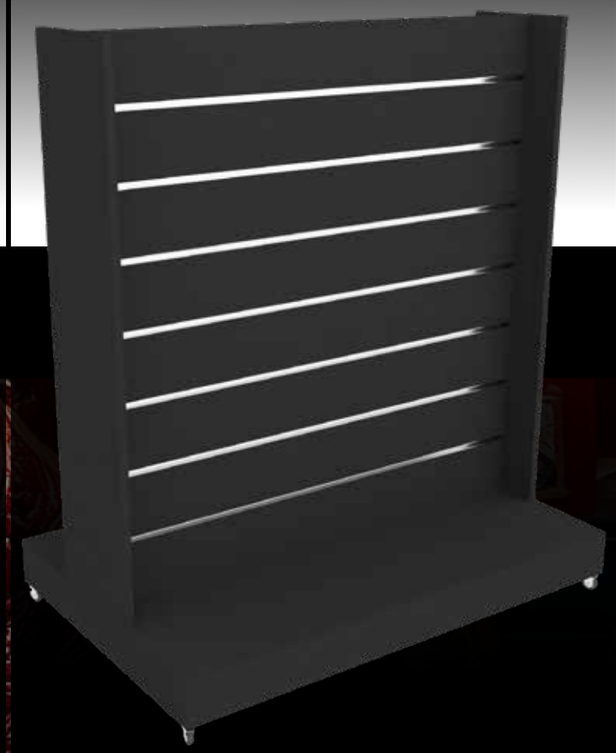
Built for durability and everyday commercial use, this display unit supports a wide range of slatwall hooks and accessories to suit different product types.

1-3 WORKING DAY DELIVERY

Dimensions: Length: 1243mm, Width: 800mm, Height: 1450mm

Open 7 Days a Week

Key Features:
Double-sided slatwall panels for maximum display capacity
Compatible with standard slatwall hooks and accessories
Mobile design with castors for flexible store layouts
Sleek black finish for a strong retail presence
Ideal for supermarkets, retail stores and gift shops



WIDE MOBILE QUAD SIDED SLATWALL DISPLAY UNITS

This wide mobile quad-sided slatwall display is designed to maximise product visibility and display capacity within a single, flexible retail solution. Featuring four slatwall panels, front, back and both sides, allows significantly more products to be presented compared to standard slatwall displays.

SKU: SLATGONDOLAWIDE

All panels are fully compatible with standard slatwall hooks and accessories, making the unit ideal for hanging promotional items, impulse products and fast-moving stock. The castor-mounted base enables easy movement around the shop floor, allowing retailers to adapt layouts quickly and respond to changing merchandising needs.

This display unit is available in two colour options: Black and White, making it easy to match different store interiors. The black finish offers a bold, premium look, while the white option provides a clean, modern appearance suitable for bright retail environments.

Ideal for supermarkets, convenience stores, retail shops and gift stores, this wide slatwall display helps make better use of floor space while increasing product exposure and sales potential.

Dimensions: Length: 1243mm, Width: 800mm, Height: 1450mm

CAUTION WET FLOOR SIGN A-FRAME

With this caution sign, you will avoid accidents on the slippery surface. Simply put it in a place where spills occur or floors have just been cleaned. Yellow in colour thus perfectly visible from the distance, this caution sign states “wet floor” on one side and “cleaning in progress” on the other. The strong and durable plastic ‘wet floor’ frame is easy to clean and hard to damage, making it ideally suited to busy shops, restaurants, bars and hotels.

Dimensions: 620mm(H) x 300mm(L) x 300mm(D)
Product code: WETFLOORSIGN

CAUTION WET FLOOR SIGN CONE

The Cone Wet Floor Safety Sign is a four-sided, free-standing safety cone that allows the warning to be seen from all sides, helping to keep your staff and customers safe at all times. The strong and durable plastic ‘wet floor’ cone is easy to clean and hard to damage, making it ideally suited to busy shops, restaurants, bars and hotels.

Dimensions: 680mm(H) x 280mm(L) x 280mm(W)
Product code: WETFLOORSIGNCONE

ACOUSTIC DIAMOND PANELS

These easy to install decorative panels are available in several colours, and interlink seamlessly covering your desired area.

Dimensions: 2400mm(L) x 600mm(W) x 25mm(D)
Product code: ACOUSTICDIAMOND

- **Geometric Diamond Texture:** A precision-cut pattern that creates a dynamic, high-end architectural look.
- **Enhanced Acoustic Performance:** 21mm thickness for superior sound dampening in high-traffic commercial zones.
- **Large Format Design:** 2400mm height allows for seamless floor-to-ceiling application.
- **Bold Aesthetic:** A premium finish that complements modern industrial and minimalist designs.
- **Professional Grade Durability:** Constructed from hard-wearing PET and MDF to withstand commercial wear and tear.
- **Efficient Installation:** Modular 600mm width designed for rapid alignment and fitting by professional contractors.

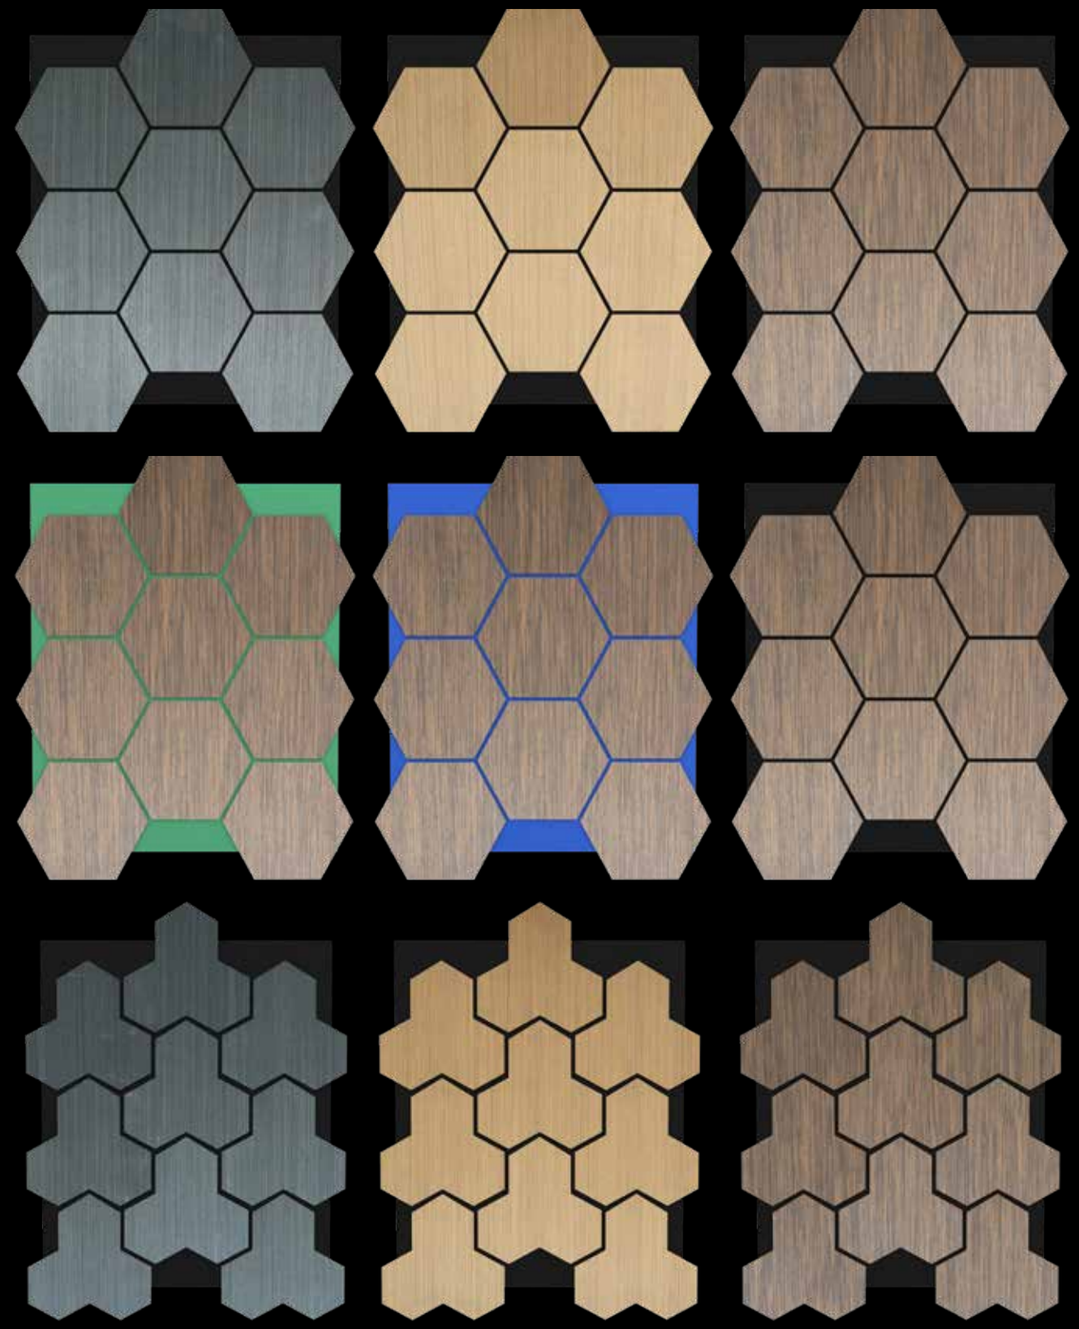
1-3 WORKING DAY DELIVERY



Technical Specifications
Panel Size: 567mm (W) × 693mm (H)
Thickness: 18mm
Panels per Box: 5
Finish: Oak (Pomelo)
Application: Wall-mounted
Use: Indoor environments

The Acoustic Hexagon Wall Panel is designed to enhance both the acoustic performance and visual character of modern interiors. Featuring a distinctive hexagonal shape, these panels allow creative wall layouts while helping to reduce echo and background noise in busy environments.

Each box contains 5 hexagon panels, allowing easy coverage planning and modular installation. Panels can be installed individually or combined to create striking geometric patterns, offering flexibility for both small feature walls and larger acoustic surfaces.

BEAUTIFUL WALL COVERINGS

Transform your retail space with our stunning artificial wall foliage, designed to instantly enhance the look and feel of any environment. Featuring realistic textures and lifelike greenery, these panels bring the beauty of nature indoors without the need for maintenance. Crafted from high-quality, durable materials, they offer a perfect balance of visual impact and practicality.

Available in a range of foliage styles and tones, our artificial greenery panels add depth, texture and a fresh, contemporary feel to your walls. Easy to install and built to last, they require no watering, trimming or upkeep, making them an ideal solution for busy retail spaces. Artificial wall foliage is a stylish and versatile way to create an eye-catching feature. Elevate your shop with a vibrant, nature-inspired finish—where lasting style meets effortless function.

PLASTIC LOOP TROLLEY 160L

This Trolley is designed, manufactured and distributed to boost your sales, generate attraction and stand out in the eyes of visitors. Optimised dimensions that take up less floor space. The height of the handle adapts to all users. The combination of materials provides strength whilst being light. It has the best wheels on the market with the greatest quality and durability.

KEY FEATURES

- Continuous wrap-around handle
- Adapts to users of all heights
- Light and strong
- Read bag hook

Trim Colour **Red** Code: KBASKETLOOP160R
Trim Colour **Ocean** Code: KBASKETLOOP160O

- **Dimensions:** 1086mm(H) x 600mm(W) x 835mm(D)

PLASTIC LOOP TROLLEY 100L

Designed to enhance visibility and drive sales, this trolley is built to attract attention and stand out to customers. Its space-efficient design maximises floor space, while the ergonomic handle height suits all users. Lightweight yet strong materials ensure durability without added weight, and premium-quality wheels deliver smooth movement, reliability, and long-lasting performance.

KEY FEATURES

- Continuous wrap-around handle
- Adapts to users of all heights
- Light and strong
- Read bag hook

Trim Colour **Red** Code: KTROLLEYLOOP100R
Trim Colour **Ocean** Code: KTROLLEYLOOP100O

- **Dimensions:** 1012mm(H) x 567mm(W) x 587mm(D)

PLASTIC LOOP TROLLEY 135L

This trolley is 135L capacity which is great for large supermarkets. Plastic trolleys are made from strong materials which have been made to last. The trolley is robust and offer customers a smooth experience even when they are fully loaded.

KEY FEATURES

- Continuous wrap-around handle
- Adapts to users of all heights
- Light and strong
- Read bag hook

Colour **Red** Code: KTROLLEYPLASTIC135R
Colour **Black** Code: KTROLLEYPLASTIC135BK

- **Dimensions:** 1086mm(H) x 600mm(W) x 835mm(D)

SUPERMARKET TROLLEY

All our shopping trolleys are made from high grade materials to ensure a longer life span, giving you great value for money. These traditional nesting designs are both compact and durable, perfect for shops with smaller aisle widths. The compact design also gives a space saving advantage, freeing up valuable floor space and requiring less storage room.

KEY FEATURES

- Traditional Trolley
- Durable Steel Wire Mesh
- Compact Design
- Multi-Directional Castors
- Lightweight
- Integrated Child Seat

- **Capacities available:** 80L, 100L, 120L

Red Handle Code: KTROLLEY---R

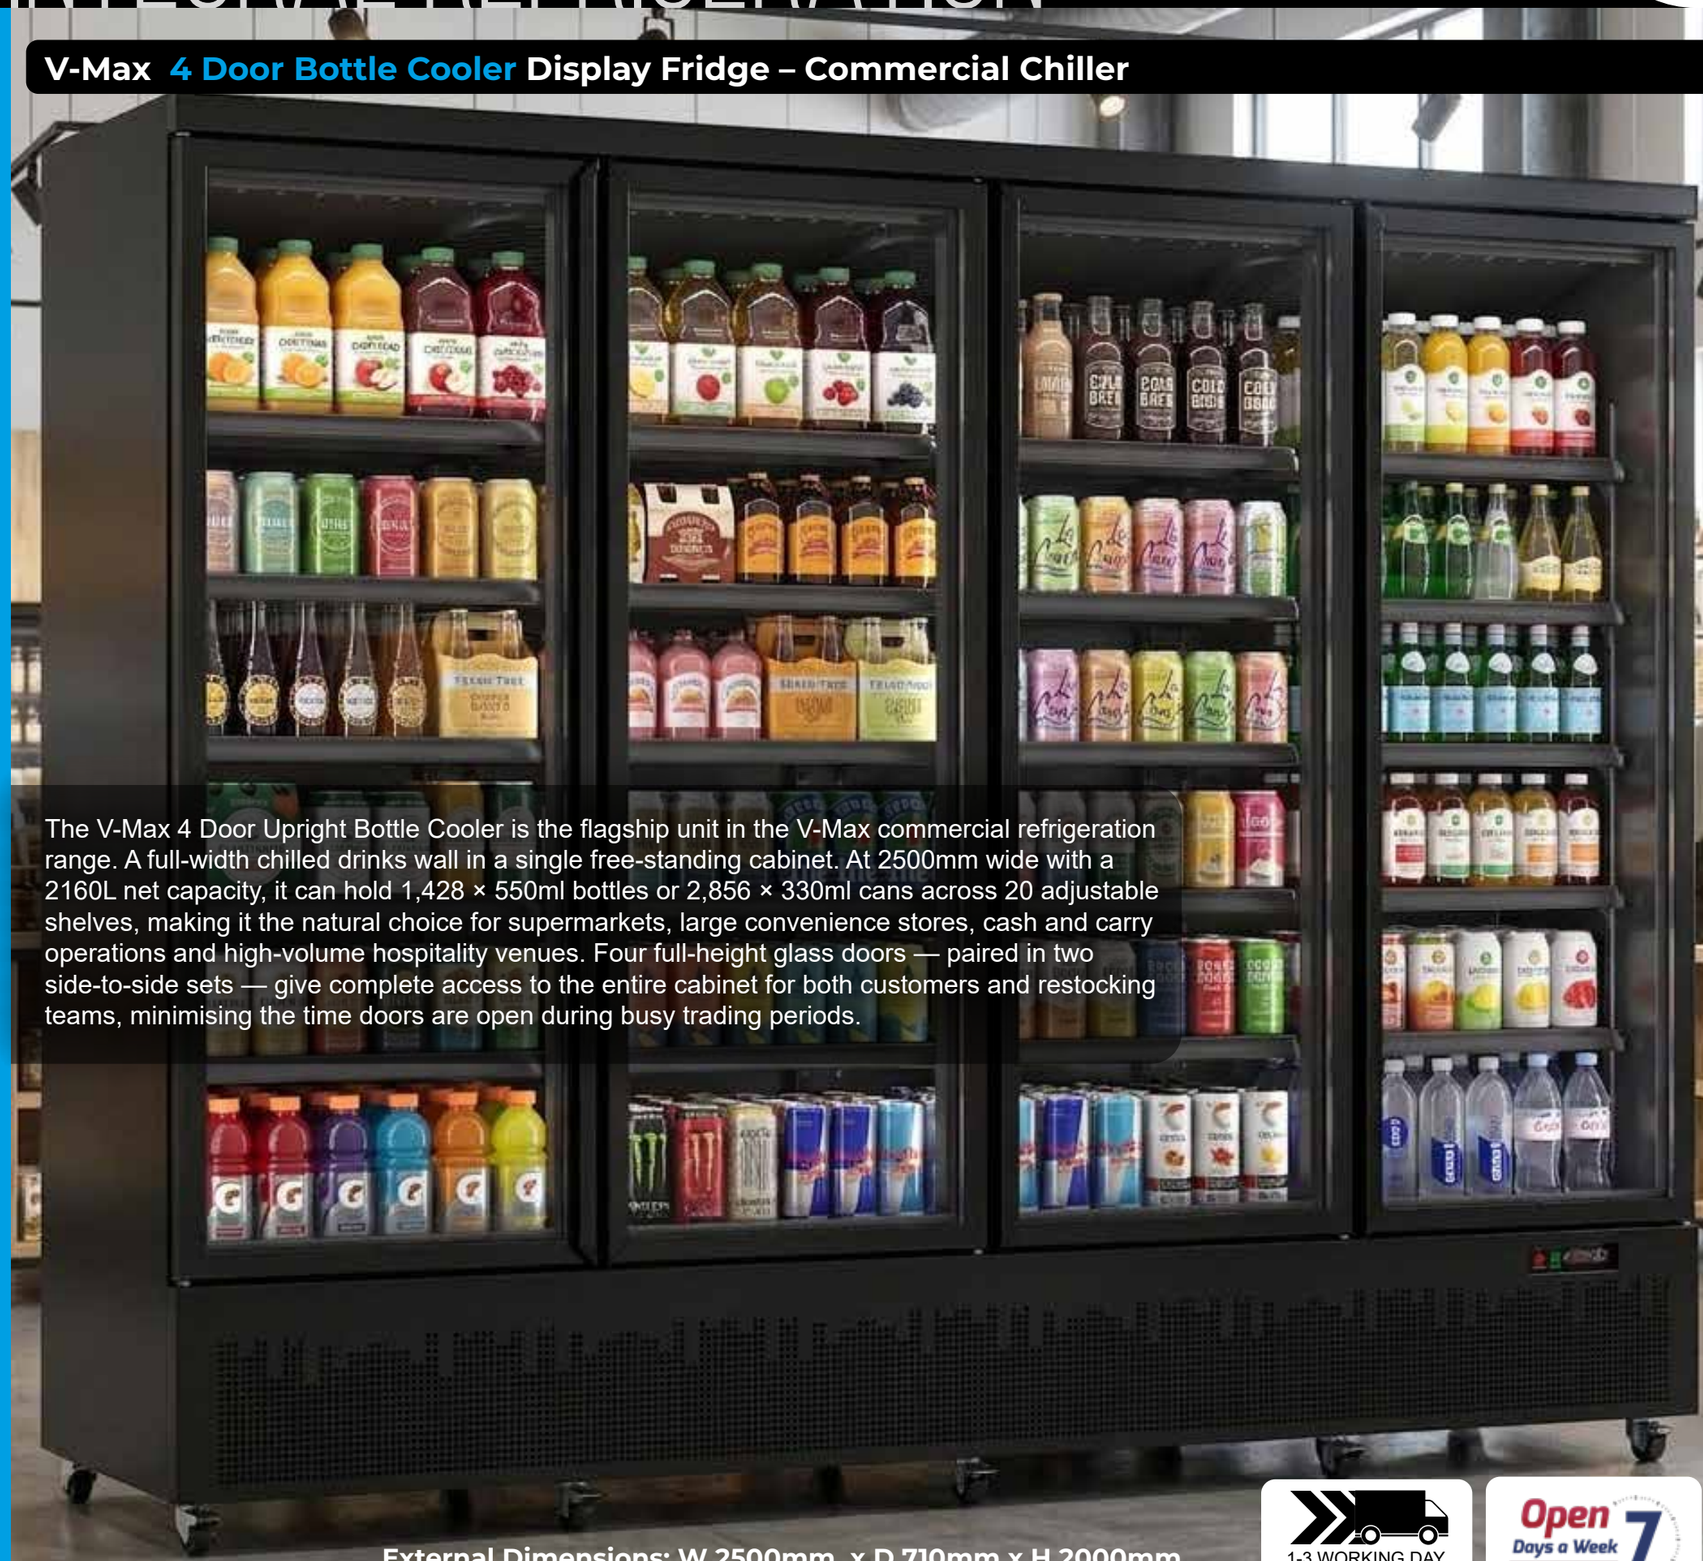
V-Max 4 Door Bottle Cooler Display Fridge – Commercial Chiller

UNITS COME WITH 1 YEAR PARTS WARRANTY AS STANDARD



The V-Max 4 Door Upright Bottle Cooler is the flagship unit in the V-Max commercial refrigeration range. A full-width chilled drinks wall in a single free-standing cabinet. At 2500mm wide with a 2160L net capacity, it can hold 1,428 × 550ml bottles or 2,856 × 330ml cans across 20 adjustable shelves, making it the natural choice for supermarkets, large convenience stores, cash and carry operations and high-volume hospitality venues. Four full-height glass doors — paired in two side-to-side sets — give complete access to the entire cabinet for both customers and restocking teams, minimising the time doors are open during busy trading periods.

Triple Door Bottle Cooler

- Height: 2000mm
- Width: 1880mm
- Depth: 710mm
- Capacity: Holds up to 1,050 × 550ml bottles or 2,100 × 330ml cans

Light Commercial Showcase Display Freezer with Chest Freezer

A combined commercial freezer display comprising a triple glass door wall unit and a matching double-door chest freezer base — delivering 992L total net capacity across two temperature zones. Designed for supermarkets and large convenience stores needing a high-impact, wall-site frozen food display in a single cohesive unit.

KEY FEATURES

- Plug-in – Easy Setup
- Energy Efficient
- Optimised Air Management
- 1 Year Parts Only Warranty – Free

FREEZERS COME WITH 1 YEAR PARTS WARRANTY AS STANDARD

Description:

- Frost-free wall unit cooling – 3 evaporator fans maintain even -18°C to -22°C across all shelf levels
- Adjustable white wire shelves in wall unit – 16mm wire spacing for flexible product configuration
- Internal wire baskets in chest base – steel wire, white dip-coated, with basket supports and divider grilles
- Illuminated canopy – flat canopy with light cover on wall unit; internal LED lighting throughout both cabinets
- 38mm price bars on wall unit shelves – white, without cover, for clean shelf-edge labelling
- Electronic thermostat on both units – wall unit controller on canopy; chest unit controller on bottom-right corner
- Hot gas defrost on both cabinets – self-evaporating drainage; no manual intervention required
- UK plug, 2m cord on each unit.

1-3 WORKING DAY DELIVERY

Bring character and practicality to your shop floor with this Warm Oak Wine Barrel Display.

A stand-out merchandising unit for retail environments selling wine and premium beverages.

Crafted from warm oak-effect wood, the display provides a natural, premium look that complements supermarket wine aisles, specialist wine merchants and convenience stores. The internal dividers allow bottles to be arranged neatly.

With a depth of 750mm and a height of 1128mm, the unit offers generous capacity without overwhelming floor space, making it ideal for promotional displays, seasonal offers or feature wine selections point.

Dimensions: D 720mm x H 1128mm
Product code: BARRELSTAND

4 Tier Wooden Retail Crate Stand on Castors - Rustic Display Tower

The 4 Tier Wooden Crate Stand is a versatile, high-capacity floor display designed to bring an authentic, rustic charm to any retail environment.

KEY FEATURES

- Four High-Capacity Tiers: Features four deep, open-fronted wooden crates, providing ample room for bulk produce, bagged snacks, or artisan gift items.
- Vertical Space Optimisation: At 1280mm height, this tower effectively uses vertical space, making it an ideal solution for shops with limited floor area.
- Full Mobility with Lockable Castors: The unit is fitted with smooth-rolling wheels, allowing staff to move the display easily for cleaning, restocking, or store layout changes.
- Durable Rustic Construction: Crafted from high-quality light wood with a traditional slatted design, offering a sturdy and timeless look for organic and specialty products.

Standing at 1280mm high, this mobile tower features four robust wooden crates vertically stacked to maximise stock density in small footprints. Mounted on heavy-duty castors, it can be effortlessly repositioned to capture impulse sales at aisle ends or till points.

Elevate your store's merchandising with the Maxshelf 4 Tier Wooden Crate Stand. This industrial-grade display unit is engineered for retailers who need a combination of traditional farmhouse aesthetics and modern functional mobility.

ALL AVAILABLE FOR SAME DAY COLLECTION!

4 Tier Wooden A-Frame Wine Display Stand with Lanterns

The 4 Tier Wooden Lantern Stand is a charming, free-standing A-frame display unit designed to create a warm, inviting atmosphere in any retail setting.

KEY FEATURES

- Unique Lantern Header: The stand is crowned with an integrated top rail featuring two decorative hanging lanterns, adding an immediate sense of warmth and premium atmosphere to your displayed products.
- 4-Tier Capacity: Provides three convenient shelving levels (plus the base tier) to showcase a variety of merchandise, from folded textiles and packaged goods to candles and gift items.
- A-Frame Structure: The classic ladder-style design ensures stability and offers a visually appealing structure.

Total Mobility: Fitted with durable castors (wheels) on the base, this stand can be effortlessly rolled and repositioned across your retail space, providing maximum flexibility for shop layout changes and promotions.

1-3 WORKING DAY DELIVERY

OVER 5000 PRODUCTS IN STOCK

Open 7 Days a Week

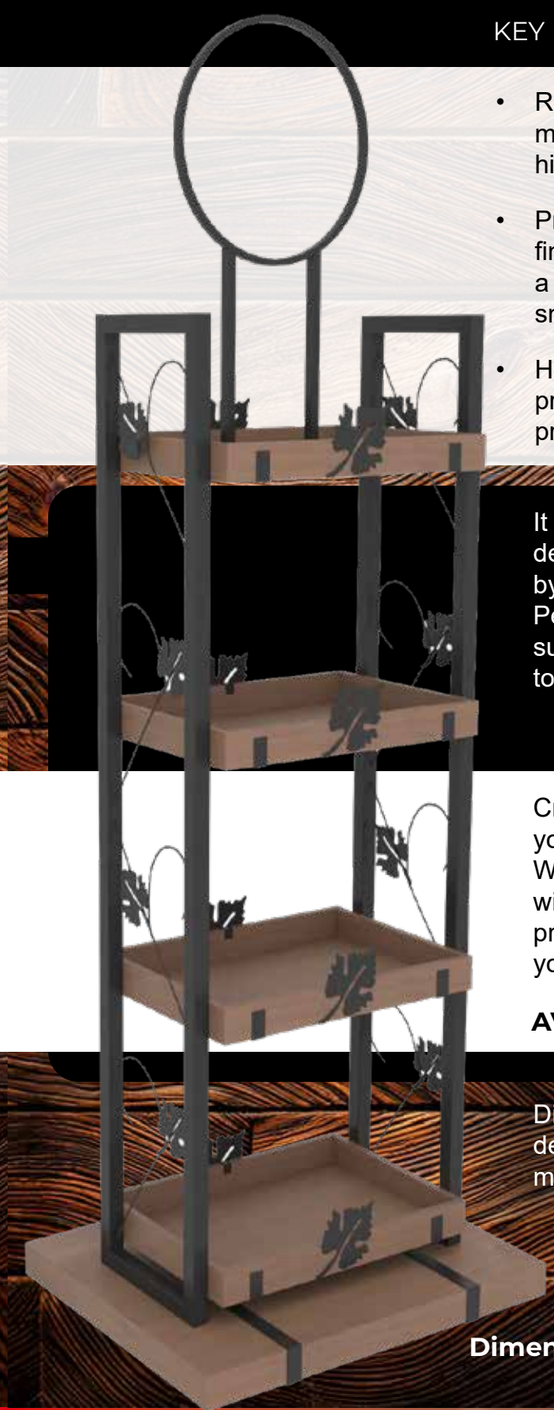
The blend of warm wood and the lantern feature makes this display stand perfect for Boutiques & Gift Stores - Ideal for showcasing specialty candles, soaps, seasonal gifts, or framed artwork. Home Décor Retail: Use it to display small potted plants, ornamental items, or feature towels and textiles. Seasonal Promotions: The warm lighting feature makes it an excellent choice for autumn and winter merchandise displays.

Capture customer attention and add a touch of rustic sophistication to your shop floor with the Maxshelf 4 Tier Wooden Lantern Stand. This distinctive A-frame unit is engineered not just for merchandising, but for ambience, making it an instant show-stopper in any home goods, gift, or lifestyle store.

Dimensions: W 285mm x D 460mm x H 2006.6mm
Product code: 4TIERLANTERNSTAND

4 Tier Metal and Maple Wood Wine Display Stand

This elegant 4 Tier Display Stand is the ideal free-standing fixture for premium retail presentation. It features a sturdy black metal frame with decorative vine and leaf accents.



KEY FEATURES

- Robust Frame: Features a durable, powder-coated black metal frame that guarantees stability and longevity in high-traffic retail spaces.
- Premium Shelves: Includes four individual maple wood-finish trays that can hold stock securely while adding a touch of natural elegance. These trays help contain smaller items, preventing them from shifting.
- Header Space: The circular metal loop at the top provides a dedicated space for branding, pricing, or product information signage, boosting visibility.

It features a sturdy black metal frame with decorative vine and leaf accents, complemented by four removable maple wood-finish trays/shelves. Perfect for wine shops, gift stores, and high-end supermarkets, this unit is designed to draw attention to featured merchandise.

Create a sophisticated and inviting feature area in your store with the Maxshelf 4 Tier Metal and Maple Wood Display Stand. Combining industrial strength with rustic warmth, this stand provides four levels of premium merchandising space, ideal for highlighting your most valuable or promotional items.

AVAILABLE FOR SAME DAY COLLECTION!

Distinctive Accents: Intricate metal vine and leaf detailing along the sides enhances the rustic aesthetic, making the stand a decorative piece in itself.

Dimensions: W 508mm x D 406.4mm x H 1917.8mm
Product code: 4TIERWOODMETALSTAND

3 Tier Wooden A-Frame Retail Wine Display Rack

The 3 Tier Wooden A-Frame Rack is a robust and permanent display solution designed to bring a premium, rustic feel to your retail environment.

KEY FEATURES

- Three Deep Display Tiers: Equipped with three spacious wooden bins, providing significant volume for bulk produce or large packaged items.
- Fixed-Foot Stability: Designed with solid wooden legs rather than wheels, ensuring the rack remains perfectly stable even when fully loaded with heavy stock.
- Classic A-Frame Design: The slanted structure provides a traditional “ladder-style” look that enhances product visibility from the bottom to the top tier.
- Premium Natural Finish: Crafted from high-quality wood, the rack adds a warm and inviting atmosphere to organic shops, bakeries, and farm shops.

Space-Efficient Vertical Storage: At a height of 1336mm, the unit maximises vertical display potential while maintaining a manageable footprint.

Product code: 3TIERAFRAMERACK

4 Tier Wooden A-Frame Retail Wine Display Rack on Castors

The 4 Tier Wooden A-Frame Rack is a robust and visually appealing floor display unit designed for optimal product visibility.

KEY FEATURES

- Four Tiers of Display: Provides three spacious, deep shelf tiers plus a generous base tier, offering substantial capacity for a variety of products.
- Optimal Visibility: The tiered, A-frame structure ensures products on every level are clearly visible and easily accessible to customers. The deep shelving is perfect for bulk items or packaged goods.
- Total Mobility: Fitted with smooth-rolling castors (wheels), the rack can be quickly moved and repositioned across your shop floor. This is essential for restocking, cleaning, and reacting quickly to layout changes or seasonal needs.

Durable Wooden Construction: Crafted from high-quality wood, this rack delivers a warm, inviting, and professional look that complements natural and artisan goods. With a compact footprint 531mm x 402mm, the unit efficiently uses vertical space, making it perfect for feature displays or end-of-aisle promotions.

Promote products at their optimal location:

Featuring deep shelves for easy viewing and castors (wheels) for effortless movement, this unit is ideal for showcasing fresh produce, packaged goods, or seasonal merchandise in supermarkets, farm shops, and speciality retail.

AVAILABLE FOR SAME DAY COLLECTION!

This versatile wooden display is perfect for Farm **Shops & Grocers:** Excellent for showcasing fresh fruit, vegetables, baked goods, or artisan preserves. **Gift Shops & Boutiques:** Ideal for displaying folded textiles, books, boxed items, or seasonal stock. **Supermarkets:** Use it for high-impact front-of-store displays or to highlight local and premium products.

3 Tier Half Barrel Free-Standing Wine Display Unit

The 3 Tier Half Barrel Display Unit is a unique, free-standing shelving solution designed to create an instant rustic and inviting atmosphere.

KEY FEATURES

- Distinctive Aesthetic: The half-barrel design provides a warm, rustic, and traditional look that instantly elevates your interior design.
- Free-Standing Design: As a floor-standing unit, it offers complete flexibility, allowing you to position it anywhere on your shop floor to maximise customer flow and visibility.
- Three Practical Tiers: Provides two ample shelves for organized presentation of goods, allowing you to segment your stock effectively.
- Space-Efficient Footprint: Designed to fit flush against a wall (as a half-barrel) or stand prominently, it maximises display capacity within a manageable footprint.

Featuring a classic wooden barrel aesthetic with contrasting black banding, this robust floor unit is perfect for displaying wine bottles and specialty items in off-licences, wine shops, supermarkets, and charming gift stores.

Versatile choice for several retail sectors:

- Wine Shops & Off-Licences: The curved design is an instant match for wine displays, perfect for showcasing premium bottles.
- Supermarkets: Use it in the wine or specialty foods aisle to break up standard shelving and highlight seasonal or promotional stock.
- Gift Shops: Its decorative appeal makes it an excellent choice for displaying novelty items.

Durable Construction
Built to support your merchandise while offering a professional, lasting finish.

3 Tier Full Barrel Wine Display Unit | Metal Frame & Wood Shelves

The 3 Tier Full Barrel Display Unit is a premium, free-standing floor fixture designed to mimic a traditional wooden barrel.

KEY FEATURES

- Three Tiers of Display: Provides three spacious, deep shelf tiers plus a generous base tier, offering substantial capacity for a variety of products.
- Optimal Visibility: The tiered, A-frame structure ensures products on every level are clearly visible and easily accessible to customers. The deep shelving is perfect for bulk items or packaged goods.
- Total Mobility: Fitted with smooth-rolling castors (wheels), the rack can be quickly moved and repositioned across your shop floor. This is essential for restocking, cleaning, and reacting quickly to layout changes or seasonal needs.

With a 600mm diameter, 1067.7 mm height, this unit is ideal for creating impactful feature displays in wine shops, supermarkets, and upscale retail environments.

AVAILABLE FOR SAME DAY COLLECTION!

Designed for High-Impact Retail in:

- Wine Shops & Cellars: The barrel motif makes it the natural choice for displaying fine wines.
- Supermarkets & Delis: Ideal for promoting special seasonal offers, local produce, specialty cheeses, or gourmet food items.
- Upscale Retail: Excellent for showcasing high-end candles, bath products, or curated gift sets that require a distinguished presentation.

Key Construction & Aesthetic Features
Robust Framework: Constructed with a strong metal body (frame) finished in black, providing excellent stability and longevity.
Decorative Accents: Detailed grape-leaf embellishments encircle the shelves, adding an authentic, vineyard-inspired elegance to the entire unit.
Products visible from any direction.

SUSPENDED CEILINGS

Ocelot is an industry trusted suspended ceiling grid system designed to accommodate lay-in tiles.

You can benefit from an increase of installation speed thank s to the specially designed junctions that easily snap into place.

This product meets and exceeds the legislative requirements for all relevant industry compliance standards.

Compatible with industry standard 600mm x 600mm Ceiling Tiles

These plaster ceiling tiles are made from 100% gypsum.

They are vinyl faced making them easy to clean and maintain.

The wipe clean surface ensures a longer life span than other tiles.

Great value for money. All sold direct from stock for same day collection.

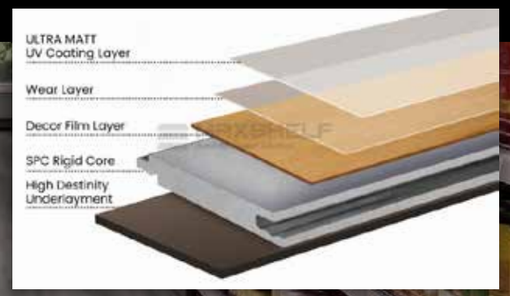
LVT Flooring Tiles 182×1220×5mm

LVT Flooring Tiles offer a sleek, contemporary wood-look finish combined with the strength of a rigid SPC core.

Designed as a commercial-grade luxury vinyl tile, this flooring solution delivers long-term durability without the complexity of traditional hardwood or porcelain tiles.

KEY FEATURES

- Luxury Vinyl Tile (LVT) with rigid SPC core
- 100% waterproof and moisture resistant
- Stable under temperature fluctuations
- Durable surface for high footfall areas
- Easy maintenance and fast installation
- 182x1220x5mm tiles
- 2sqm coverage per box (approx. 20kg)



With a 100% waterproof construction, Black Ash LVT is suitable for retail stores, offices, showrooms, convenience shops and back-of-house areas. The dense core provides excellent dimensional stability, reducing movement caused by temperature changes.

The click-fit system allows fast installation with minimal disruption, making it ideal for live commercial environments.

TERMS AND CONDITIONS

MAXSHELF LTD STANDARD TERMS AND CONDITIONS (RETAIL)
Terms and Conditions of Sale
1. Interpretation
1.1 In these Terms:

Company means Maxshelf Ltd
Customer means the purchaser of Goods from the Company.
Goods means all goods sold and/or delivered by the Company to the Customer.
Terms means these terms and conditions of sale.

2. Application
2.1 These Terms apply to all contracts for the sale of Goods by the Company.

2.2 No amendment, alteration, waiver or cancellation of any of these Terms is binding on the Company unless confirmed by the Company in writing.

2.3 The Customer acknowledges that no employee or agent of the Company has any right to make any representation, warranty or promise in relation to the Goods or the sale of the Goods other than as contained in these Terms.

3. Prices
3.1 Prices are determined at the time of order and, prior to payment of the deposit, are subject to change without notice.

3.2 Unless expressly stated otherwise in writing, promotional discounts, offers, or reduced prices cannot be combined or used in conjunction with any other discount or campaign. In the event of any technical error, system malfunction, or unintended pricing issue resulting in an incorrect price being displayed or applied, Maxshelf Ltd reserves the absolute right to cancel any affected order and issue a refund where payment has been taken.

4. Payment
4.1 Payment for goods may be required when ordering in full or up front.

4.2 Invoices issued by the Company shall be paid by the client within thirty (30) days of the date of invoice unless otherwise agreed in writing by the Company. In the event of late payment, the Company may charge interest on the amount outstanding before and after judgement at the rate of five (5) percent above the Bank of England Base Rate in force from the due date until the date of payment. In addition, invoices unpaid for more than 60 days after the invoice date will incur a surcharge of either £30 or 5% of the outstanding amount, whichever sum is greater.

4.3 If any amount of an invoice is disputed then the client shall inform the Company of the grounds for such dispute within seven days of delivery of the goods and shall pay to the Company the value of the invoice less the disputed amount in accordance with these payment terms. Once settlement of the dispute has been agreed, any sum then outstanding shall also be payable in accordance with these payment terms.

4.4 The Company reserves the right to increase a quoted fee in the event that the client requests a variation to the work agreed.

5. Delivery & Returns
5.1 The Customer must, within 5 days of being notified of their availability, collect or accept delivery of the Goods and pay the balance of the invoice price.

5.2 If the Customer fails to collect the Goods or accept delivery within 21 days of being notified of their availability, the Company may terminate this contract, keep the deposit and resell the Goods.

5.3 In addition to clause 4.4, the Company reserves the right to charge the Customer storage on goods not collected or delivered within 5 days of notification of their availability.

5.4 The Company reserves the right to deliver the Goods in whole or in instalments, as well as to deliver prior to the date for delivery and, in such event, the Customer must not refuse to take delivery of the Goods.

5.5 Any failure on the part of the Company to deliver instalments within any specified time does not entitle the Customer to repudiate the contract with regard to the balance remaining undelivered.

5.6 The place and date of delivery are as agreed between the Company and the Buyer.

5.7 In the case of damage to Goods in transit, notice of damage or breakage shall be sent in writing with images provided of the item on the pallet by the Buyer to the Company within 24 hours of receipt.

5.8 In the case of loss of Goods in transit, notice in writing shall be sent by the Buyer to the Company within 48 hours of the date of the sales order for said Goods.

5.9 Any time or date specified for despatch or delivery of the Goods given by the Company is an estimate only and shall not form part of the Contract unless expressly made a term of the Contract in writing. Deliveries are estimated between 8am – 6pm Monday – Friday.

5.10 Carriage will be charged extra unless otherwise agreed to in writing. Where the quoted price includes freight, the Company shall determine the delivery route. Special routing at the Buyer's request will be subject to a separate charge.

5.11 The Company shall have the right to despatch any portion of the Goods covered by the Contract and to invoice the Buyer for such portion so despatched on these Terms and Conditions of Sale unless otherwise agreed to in writing.

5.12 If for any reason the Buyer is unable to accept delivery of the Goods at the time when the Goods are due and ready for delivery, the Company shall be entitled to arrange storage at its own premises or elsewhere at the Buyer's risk and expense.

5.13 Goods incorrectly ordered will be subject to a 20% re-stocking charge.

5.14 New Goods cannot be returned except when previously agreed in advance, and subject to their return in perfect and resalable condition, a re-handling charge of 20% of the price of the Goods will be made to cover administration expenses. Notice of returns shall be sent in writing by the Buyer to both the Company and the carrier (if any) within 48 Hours of receipt. Returns must be made within 7 days of purchase date at the Buyers expense.

5.15 The company cannot, under any circumstances entertain any financial demands from the customer for a late or incorrect delivery. As a company we always recommend that you never book a shop fitter until you have the order delivered.

5.16 Ensure adequate parking is available, customers must inform the company of any parking restrictions.

5.17 Any images of our Products on our site are for illustrative purposes only. Although we make every effort possible to display colours accurately, we cannot guarantee that your computer will reflect the colour of the Products accurately. The Products delivered to you may vary slightly from the images.

5.18 On rare occasions you may notice a slight variation in colour shade between some components, this is a result of factory batch manufacturing and can not be avoided.

5.19 Kerbside delivery means that items will be delivered to the nearest kerbside at the address specified. Our freight drivers will position their vehicle as close as possible to the delivery address and unload the palletised goods into a spot on the kerbside that is safe and keeps the pallet secure.

5.20 Maxshelf Ltd is not responsible for any delays caused by the courier, as delivery times are managed by the delivery company and are beyond our control. We hold no liability or accountability for any losses, costs, or inconveniences resulting from such delays.

TERMS AND CONDITIONS (continued)

5.21 If the customer arranges their own transport, Maxshelf shall not be held liable for any loss, damage, delay, or issues arising from or related to the transportation of goods.

5.22 Any transport companies suggested by Maxshelf operate as independent entities, and Maxshelf holds no responsibility or liability for their services.

6. Title
6.1 Legal and beneficial ownership of the Goods will not pass to the Customer until such time as the Goods have been paid in full in cash or cleared funds.

7. Risk and Insurance
7.1 The Goods are entirely at the risk of the Customer from the moment of delivery to the Customers' point of delivery or on collection, even though title in the Goods has not passed to the Customer at that time.

7.2 The Customer must, at its own expense, maintain the Goods and insure them for the benefit of the Company against theft, breakdown, fire, water and other risks as from the moment of delivery to the Customer and until title in the Goods has passed to the Customer.

7.3 All shelving supplied by Maxshelf Ltd must be installed by professional Shop Fitters with the necessary experience and qualifications, as improper installation by unqualified individuals may lead to structural issues, damage, or injury, and will void all warranties or guarantees; Maxshelf Ltd accepts no liability for any resulting damages or injuries.

7.4 Maxshelf Ltd will not be held responsible should any of the products we supply fail to operate and/or cause damage or destruction to the property around or items/stock kept within. Maxshelf Ltd are not the manufacturer of these products and do not have insurance in place to cover any damage caused by these products, any claims submitted will be passed to the manufacturer for their consideration.

8. Inspection
8.1 Unless the Customer has inspected the Goods and given written notice to the Company within 2 days after collection or delivery that the Goods do not comply with the relevant specifications or descriptions, the Goods are deemed to have been accepted in good order and condition.

9. Cancellations
9.1 No order may be cancelled, modified or deferred without the prior written consent of the Company (which is at the Company's sole discretion). If such consent is given it is, at the Company's election, subject to the Company being reimbursed all losses, including loss of profits, and paid a cancellation fee (being not less than 20% of the invoice price of the Goods). A Credit Note for the sum of the cancelled goods may also be offered with no cancellation fee, at the Company's sole discretion, valid for a period of six months. Cancelled Goods may also be exchanged, with no cancellation fee, at the Company's sole discretion, valid for a period of 30 days.

9.2 Once goods have left our Warehouse, orders cannot be cancelled, amended, or refunded, and Maxshelf Ltd accepts no liability for any associated costs or changes.

10. Cancellation of Refrigeration Equipment
10.1 No cancellation by the Customer is permitted except where expressly agreed by Maxshelf.

10.2 Any variation in an Order which is accepted by Maxshelf shall entitle Maxshelf to make an appropriate variation in the price and delivery date of the Goods.

10.3 The Customer shall in the event of agreed cancellation indemnify Maxshelf in full against all expense and loss incurred up to the time of cancellation in accordance with the following formulae:

10.4 where the Customer cancels after the Goods (other than where the Goods are spare parts) have left Maxshelf's warehouse but before they have been unpacked by the Customer or its agents a charge of 25% of the invoice value will be charged to the Customer plus any carriage charges incurred by Maxshelf;

10.5 where the Customer cancels after the Goods have left Maxshelf's warehouse and the Goods have been unpacked by the Customer or its agent then a charge of 50% of the invoice value will be charged to the Customer plus any downgrading amount necessary together with any carriage charges incurred by Maxshelf;

10.6 where the Customer cancels after the Goods, those Goods being spare parts, have left Maxshelf's warehouse then a charge of 25% of the invoice value will, regardless of whether the Goods have been unpacked, be charged to the Customer plus any carriage charges incurred by Maxshelf, such charges, in each case, being a genuine estimate of the cost to Maxshelf and/or the loss in value of the Goods attributable to such cancellation.

11. Limited liability
11.1 These Terms do not affect the rights, entitlements and remedies conferred by the Sale of Goods Act 1979.

11.2 The Company is not subject to, and the Customer releases the Company from, any liability (including but not limited to consequential loss or damage) because of any delay in delivery or fault or defect in the Goods. The Customer acknowledges that the Company is not:

responsible if the Goods do not comply with any applicable safety standard or similar regulation; and liable for any claim, damage or demand resulting from such non-compliance.
11.3 If any statutory provisions under the Sale of Goods Act 1979 or any other statute apply to the contract between the Company and the Customer (Contract) then, to the extent to which the Company is entitled to do so, the Company's liability under the statutory provisions is limited, at the Company's option, to:

replacement or repair of the Goods or the supply of equivalent Goods; or
payment of the cost of replacing or repairing the Goods or of acquiring equivalent goods;
And in either case, the Company will not be liable for any consequential loss or damage or other direct or indirect loss or damage.

12. Warranty
12.1 All Goods supplied are covered by such warranties as are specified by the manufacturer and supplied subject to the product standards detailed by the manufacturer.

12.2 On discovery of any defect in the Goods, the Customer must immediately notify the Company in writing of such defect. The Customer must not carry out any remedial work to alleged defective Goods without first obtaining the written consent of the Company to do so.

12.3 The provisions of any act or law (including but not limited to the Sale of Goods Act 1979) implying terms, conditions and warranties, or any other terms, conditions and warranties which might otherwise apply to or arise out of the Contract are hereby expressly negated and excluded to the full extent permitted by law.

12.4 The Customer expressly acknowledges and agrees that it has not relied upon, and the Company is not liable for any advice given by the Company, its employees, agents or representatives in relation to the suitability for any purpose of the Goods.

12.5 Maxshelf Ltd will not be held responsible should any of the products we supply fail to operate and/or cause damage or destruction to the property around or items/stock kept within, Maxshelf Ltd are not the Manufacturers of these products and do not have insurance in place to cover any damage caused by these products, any claims submitted will be passed to the Manufacturers for their consideration.

13. Display and Samples
13.1 Any display product or sample inspected by the Customer is solely for the Customer's convenience and does not constitute a sale by sample.

TERMS AND CONDITIONS (continued)

14. Contract
14.1 The terms of the Contract are wholly contained in these Terms and any other writing signed by both parties. The Contract is deemed to have been made at the Company's place of business where an order was placed and any cause of action is deemed to have arisen there.

15. Right to Enter Premises
15.1 In any of the circumstances referred to in clause 14, the Customer:

authorises the Company by itself, its agents or representatives at all reasonable times, without notice, to enter onto (with force if reasonably necessary) and to remain in and on any premises where the Goods are located in order to collect the Goods, without being guilty of any manner of trespass; and
assigns to the Company all the Customer's rights to enter onto and remain in and on such premises until all the Goods have been collected.

16. Force Majeure
16.1 The Company will not be liable for any breach of contract due to any matter or thing beyond the Company's control (including but not limited to transport stoppages, transport breakdown, fire, flood, earthquake, acts of God, strikes, lock-outs, work stoppages, wars, riots or civil commotion, intervention or public authority, explosion or accident).

17. Waiver of Breach
17.1 No failure by the Company to insist on strict performance of any of these Terms is a waiver of any right or remedy which the Company may have, and is not a waiver of any subsequent breach or default by the Customer.

18. No Assignment
18.1 Neither the Contract, nor any rights under the Contract may be assigned by the Customer without the prior written consent of the Company, which is at the Company's absolute discretion.

19. Severability
19.1 If any provision contained in these Terms is held by a court to be unlawful, invalid or unenforceable, the validity and enforceability of the remaining provisions are not affected.
